

SOLID WASTE  
TP-39-03  
GRANVILLE COUNTY

May 26, 2009

Mr. Michael Scott, NCDENR  
Environmental Supervisor  
Composting and Land Application Branch  
1646 Mail Service Center  
Raleigh, NC 27699-1646

Dear Michael,

Thank you in advance for taking the time to review the following information for John Bryan Yard Waste Recycling.

This letter is to inform you that Bryan Brothers LLC intends to erect a permanent structure on our Yard Waste Recycling Facility in Oxford NC. This structure will be used to cover our Top-Soil product to eliminate the exposure to the elements. This should eliminate a large quantity of rain water from getting into our product thus making it easier to process and sell.

This structure will be built under standards and regulations from local building codes. This process to erect this structure will begin the summer of 2009 with completion soon thereafter. This in no way impedes with any of our Operational plans as laid out in our original application. Once construction is complete, Bryan Brothers LLC will take several digital pictures and forward them along with an update to our site plan showing where on the facility the structure was built.

Should you have any questions regarding this matter, please forward them to John Bryan Yard Waste Recycling at 3092 Sam Usry Road, Oxford, NC 27565. Or call us at (919) 690-2640.

Sincerely,  
John Bryan
